

# DAVAO CITY WATER DISTRICT

## NOTICE OF WATER SERVICE INTERRUPTION

**Aug. 10 - 11**

### SET A

- WHEN** : Friday, August 10, 2012 from 1:00 PM until 5:00 PM (4 hours)
- WHERE** : Some areas in Ma-a particularly Green Meadow Subd., road going to Gap Farm and Maharlika Village.
- REASON** : Tapping of the newly installed 2-inch diameter Polyvinyl Chloride (PVC) pipeline to the existing 2-inch diameter PVC pipeline for the mainline improvement at Green Meadow Subd. in Ma-a

### SET B

- WHEN** : From 8:00 PM of Friday, August 10, 2012 until 6:00 AM of Saturday, August 11, 2012 (10 hours)

### NO WATER

- WHERE** : From Gulf View Executive Homes in Bago Aplaya and its immediate environs towards and including Talomo, Bangkal, Matina Crossing and Aplaya, some areas in Matina Pangi specifically SK Compound, NSDS Village. Also to be affected are entire Ecoland and some areas in Ma-a specifically from junction Mc Arthur Hi-way and Ma-a road up to Metroville Subd. including Ma-a portion of Las Terrazas and Sitio Mohon in Langub. Entire Bo. Obrero and Agdao, Paciano Bangoy specifically RGA Village and Cory Aquamarine Village, and R. Castillo including Lanang Executive Homes, and Lulu Subd. Almost all downtown areas will also experience water service interruption except for the following areas: Lizanto Homes, Diho III Subd., Napaka Village, Madapo Hills Don Isidro Village, Everly Subd., Bankerohan Public Market, Fatima Village, Palm Village, Ledesma Subd., Garden Park Village, Sto. Niño Hillside Subd., EMP Village, Marfori Heights, Mineral Village, San Rafael Village, Monfort Village.

### LOW PRESSURE TO NO WATER

Angliongto, Pampang and Sasa and some areas in Panacan specifically ICSAMA Sapaha, Panacan Relocation, San Juan Village, Landmark I, DPWH Depot, and Philippine Naval Forces connections tapped to Dumoy Water Supply System

- REASON** : The Operations and Maintenance Department will repair the 450mm diameter Centrifugally Cast Iron transmission line along the Davao-Cotabato Road near Coca-Cola Plant in Ulas.

- NOTES** :
- 1) *Benefits of this system improvement: (A) Accommodation of new service connections (B) Help reduce non-revenue water*
  - 2) *Water supply may be restored earlier if work goes smoothly or later if unforeseen problems arise. Hence, the would-be affected consuming public is hereby advised to store water in clean containers. Thank you for your understanding and cooperation.*
  - 3) *This information is disseminated through print and broadcast media, DCWD website [www.davao-water.gov.ph](http://www.davao-water.gov.ph) and telephone voicemail 221-9400. For queries please contact the DCWD's 24-hour call center at 221-9412 or 0927-7988966.*
